Sub:- Grant of land to ~~Mr. Ty~~ Mr. Tytler for Divi. Div. cultivation

not assessed at the Survey Settlement.

(4)

× No 390 & 26-7-95 (Paper no. 6).

3. The Survey Supt. in his reply is, that the Kharab lands were not assessed, as the Survey Nos. comprising them contained unarable land in such large proportion that it was not considered advisable to assess them as there was then no probability of their being required for cultivation.

No 852 & 24-2-96 (Paper no. 12)

4. The Dy Commr has not submitted the Statement of trees called for in this Office, but sends a Statement showing the increased revenue that may be got by assessing the unassessed Kharab lands. There is, however, a Statement prepared in Canara by the Sheikdar, which

× in August 1895 marked ×

gives approximately the
no of different kinds of
trees standing both on
the assessed and unassessed
lands already granted
to Mr. Lyttler, and not
their value — An ab-
stract of the Statement is × Marked B
appended to this Memo.
But from the Amildar's
report it appears that × Para 7 of the Commissr Jun
Rs. 391 (according to the
calculation made by the ⊗ Please see Statem
District Forest Officer) marked A attac
have been recovered from to this office no
Mr Lyttler on account of
the value of the trees
standing on the lands
(assessed & unassessed) —
As regards this Office query
whether Mr Lyttler has
done any thing since the
date of the grant of the
lands claim, Mr Lyttler's
letter to the Taluk Amildar
dated 18th August 1895

of such a large area was not warranted. He therefore suggests the advisability of assessing all the lands made over to Mr. Tytler and confirming the grant to him on condition of his paying the assessment and allowing the free use of existing paths and access to water sources by the villagers and their cattle. He adds that there is no reason to accord any special treatment in this case, that forest cultivation needs no encouragement in this locality, when there is great demand for lands for cultivation and pasture, that divi-divi cultivation is neither an experiment

nor difficult to deserve
exceptional encourage
-ment by Govt.

(4)

6. The revenue derivable
from the assessed lands
of Badamanavarté Kaval
is Rs. 169-8-0, and from
those of Uttarahalli
manavarté Kaval is
Rs. 28. The total extent
of the unassessed lands
granted to Mr. Tytler in
the former village is
1162 acres - 29 guntas, of
which 262-33 are shewn
to be cultivable and
899 acres - 36 uncultivable.
Of the cultivable lands
are assessed at the rate
given in the Dy Comm's
Statement, the annual
revenue will be Rs 223-2-6
& the revenue on the uncultivable
lands at the rate of Rs
per acre will be Rs. 224-15-8.

OFFICIAL MEMORANDUM

The accompanying ~~Appeal~~ Petition Registered No. 2464 dated 28th Janry/97 received at the Dewan's Office from Rama Swamaiya and others of Jalagatpur village, Bangalore Taluk, praying for the grant of a larger extent of gomal land than that sanctioned by Govt in the Uttarahalli Manavarte Kaval — is forwarded, ~~together with its enclosures~~ to the Dy Commr, Bangalore District, for disposal or for report if necessary, in continuation of this Office No

Pet/847 of 8th Decr 1896.

By order,

9/3/97
for Secretary.

BANGALORE,
March 1897

7816 S 9/3/97
R.7.92 95 10

Sml

Also Claim send this
& this Petn Br for
note & return

Appendix H to the Rev Rules are to be assessed as a one proposed by the Dy Comm the points for consideration are: —

*(1) Whether it is necessary to grant, without Sale & on the conditions mentioned in the Dy Comm's present letter, such a large extent as 2,494 acres-1 gunta forming one compact block So near Bangalore when the demand for land is So great & when Several people who had applied for Small numbers are likely to be put to much inconveniece

(2). Whether even granting Such a large area without Sale, whether the low rate of 4 anas as proposed on what was found, during the Survey Settlement of the Bang

* note It appears from the Amildar's report that the value of the lands, viz Rs 3 91, has been received from Mr Tytler & not the value of the lands as required by para 5 of Rule XX of the New Rules under which the late Dy Comm granted the assessed lands

Taluk So far back as
1875, to be portions of
unarable land, is reasonable.

(3) Why should such
a low rate, as annas 4 per acre be now fixed
when the grant is known
to be for the purpose of
raising a plantation,
& why should not the
land be re-classed now,
having regard to the
fact that large portions
of unassessed & gomal
lands are being utilized
for cultivation pur-
poses throughout the
Province

(4). Whether any Special
Concession is necessary
as regards the Divi.
Divi cultivation
Note. This plant is not so
much used for tanning
leather as for making ink.
Please see the I. G. of
Forests' letter No $\frac{3345}{244}$ &
16th April 1895 and its
enclosure a letter from
Mr. Pedrie Dy Museum

Lands for fuel plantation
&c (Appx H to the L.R. Rules)

2. In July 1895, the
Dy Commr, was requested × No 929 & 22.7.95
to report why the Kharab R.344
lands were not accessed, (Paper-no 5)
and it was observed that
if they were not accessed
on the ground that
because they contained
good many trees, the
rules contained in Appx: H
were not applicable to
them, & that for similar
reasons zamal lands shd
not also be dealt with
as unaccessed waste. A
Statement was also called
for shewing the number
& description of trees in
the Kharab lands, with a
report as to whether Mr
Tytler had done anything
since the date of the Dy
Commr's report (viz 28/3/95).
The Survey Supdt was also
requested to state why
the Kharab lands were

Note — The Canarese Statement prepared by the Sheristdar on 3-8-95, Shews that Mr. Lytler had cut 10 Lamarind Trees in Sur: No. 122, that he had cut Kaggali, Honge & Nerle trees in Sur: No. 117 & burned them into charcoal & that he had also cut about 10 or 12 cart loads of Kagli wood in the Same No; that he had cut Some Bamboo clumps in Survey No. 18 & that he had cut about half a cart of Joonadi-lukwood — From the State-ment always referred to it further appears that Mr. Lytler had planted about 10 acres with Divi-divi in Sur: No 15 & had prepared about 1¼ Sts of Land in Sur: No. 16 for raising Coffee Nursery —

Shews that up to that date he had cut down 10 Lamarind & Tamps, clear a Small quantity of brush wood on the assessed lands, Counted 80 acres with Divi-divi plants, & that he expected to plant 100 acres of land more by the end of the year 1895. As 7 months & a half nearly have elapsed Since the date of His [illegible] reference, it is not known to what further progress has been made by this time.

5. The Statement marked C accompanying this memo gives the grounds on which the Several of the villagers object to the grant of the lands to Mr Lytler & the remarks of the Amildar. Mr Purnaiya, the former by Comm[r]. Seems to have

~~I fear~~

District forests ~~&~~ to the extent such a grant of the unassessed area ~~as~~ in question would put the neighbouring villages to very serious hardship in the matter of their fodder & fuel supply.

The grant of the assessed area (minus the area required for temple, Springs & tanks of all kinds, all which will be carefully excluded) & rights of way &c — will not be disturbed.

The order ~~shd~~ go forthwith to prevent further complications & the D.C. ~~shd report~~ at once to hold Enquiry & proceed to carry it out in due course and to report the result. The unassessed area in question ~~shd~~ not be appropriated for any purpose without the express sanction of Govt.

5/8/96

Read accordingly & give it effect

6/8/96.

11. The orders recorded by the Dewan in para 10 above, (17) were communicated to the Dy Comm^r in Govt Proc^s No 1582* / R7.92-9596 dt 12-8-1896. * P. no. 15

But Mr Tytler having applied for a reconsideration† of the above orders, it was directed in Govt Proc^s No 3355-57 / R7.92.95 dt 24th Sept^r 1896, that † P. no. 17/a ‡ P. no. 20.

68 acres - 33 guntas of unassessed waste land out of Survey nos 17 & 18 and Survey no. 7 measuring A 116 - 34 G (also unassessed waste not included in the lands already given to Mr Tytler) in the Uttarhalli Manavarté Kaval should be reserved for grazing purposes in favor of the Talagatpur villagers, and that the rest of the unassessed lands already given to Mr Tytler in the Uttarahalli-manavarté Kaval & Badé-manavarté Kaval should be confirmed to him subject

personally seen the
Lands & heard the
people of the Surrounding
villages. It appears
that the people of Lala-
-gattapur, who have
complained to this Office,
have no free gomal,
that the Sources from
which the village cattle
are dependent, have
been included in the
grant to Mr Lyttler, &
that no provision is made
in regard to the Freeuse
of paths & roads in it.
The Dy Commr is of opinion
that considering the de-
-mand that now exists
for lands for cultivation
in the Bangalore Taluk,
& the fact that Some of
the Lands in question
had been applied for
by others, the fee grant

unassessed lands in the Uttarahalli Kaval is 798-22 A G. of which 158-22 A G are cultivable and 640 A are uncultivable. If the cultivable area is assessed the revenue will be Rs. As P 99-1-6, & the revenue on the uncultivable area at 4 as per acre will be Rs. 159-15-11. Thus the assessment of the unassessed lands in the two villages will bring an increased revenue of Rs. 448-2-2 + 259-0-5 = Rs 707/2/7 and a local cess of Rs. 44-3-0.

99-1-6
159-15-11
259-0-5 Total.

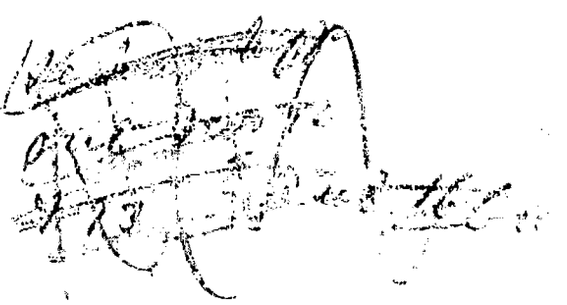
7. The Dy. Commr has also submitted a sketch shewing the position of the lands & the patta lying thereon. As regards the complaint of the Ryots of Talagattapur, the Amildar proposes to allow 68-35 A G of land out of Survey No. 17 of 48

19/9/16

* Para 17 of his memo

and Survey No. 7 measuring
A 116 – 34 of Uttarahalli
manavarte kaval for
grazing purposes. These
portions are not marked
in the Sketch. The Dy.
Comm^r. Simply says that
the people of Talagattapura
have no free grazing ground &
do not possess which
land should be given
to them for the grazing
of the cattle. The portion
marked in the Sketch
in Survey No. 117 of the
Bodamanavarte kaval
is the land possessed by
the Amildar to be given
to the people of Vakka
Ammanahal kaval
for grazing purposes.

8. Assuming that all
the unassessed lands
granted by the late Dy
Comm^r, Subject to the
approval of Govt, under
the Rules contained in



+ Please see para 18
of this memo —

(5) Whether Mr Lyttler can be permitted to cultivate the land, which is intended to be assessed at such a low rate, with coffee.

Note It appears from the Sheikdar's report that Mr Lyttler has already prepared 1¼ gunlas of land on the Sur: No for raising a coffee nursery.

(6) Whether any & what further conditions should be laid down for the grant of such an extensive area —

Submitted for orders.

H B
19/3/96

9 I do not think that it is necessary to interfere with the grant of the applied land - that the grant of unapplied land under application is neither warranted nor called for. Mr Bo

ection of the villagers-
e people of Talagattapur
nplain that no lands
ve been left for the
azing of their cattle,
at their cattle are
evented from drinking
ter in the Spring situated
Sur: No 18, & that
me cattle track has
en closed—

Amildar's remarks—

No pasture land has been allotted for the village from the time of Survey Settlement. The villagers were ~~obtaining~~ using Sur: No 18 of Uttaralli kaval ~~for~~ as pasture land, ~~having the~~ on Hulbanni Kandayam. 4 acres of Land have been deducted Land cont of Survey No 18 on account of a Spring & a temple therein. There is a Cart track in Sur: No 17 & 18 leading to the Spring. The Sketch shows a cart track on Sur: Nos. 17, 16 & 15 which the cattle of Talagattapur have to go to two villages attach to Talagattapur, where some of the ryots of Talagattapur hold lands. A portion of the road on Sur No. 15 has been planted with Divi Divi. There is also a Cart track on Sur No

8 acres - 33 guntas of land
t of Survey Nos. 17 & 18
d Survey Nos 7 measuring
, - 34 of Uttaralli
anavarti Kaval may
given to the ryots
r grazing purposes
e.

(2). The villagers of Wadiya-halli & 2 other Dakle villages attached to Badamana vanke Kaval complain that they are deprived of the source of drinking water in Sur: No. 101.

There is a pond in No. 101 & there is a wa leading to this. Mr. Iyp has been asked not to prevent cattle from going to & drinking in this ~~land~~ pond

The villagers of Dakle Amritmahal Kaval complain that they have no free Gomal land & Survey No. 117/1 in which their cattle used to graze ~~have~~ has been taken away from them.

This is true. The no cattle is 5 6. 15 a and 9 guntas of lan of this no may be for the grazing of t cattle —

(3) The villagers of Jathagoni attached to Agara Grama State that the way leading to their Gomal lands (Nos. 23 & 63) thro' Sur Nos. 87 & 94 of Bada manavanke Kaval has been obstructed.

There is no suc way, but there a path on Sur: 47 & 53 of Agara which are lying u

Mr. Iyer has been as not to close the main paths.

Undersigned in its freedom of action in this matter & cancel the grant. There seem to be a large number of trees already & I do not see the force of giving for fuel plantation - there is no necessity for such conception - & the rules do not contemplate such grants. If the Hyter is inclined to take up the land for purposes of cultivation under the ~~rule~~ Government rules he may do so.

25/3/96

Submitted

26-3-96

10.

I agree & order may issue accordingly.

It shd be pointed out that the Govt are unable to agree to the Grant of the large reserved area as the grant would come under the Rules in Appendix ~~H~~ for Grants for fuel plantations || 2dly The grant if made ~~but~~ wd have the effect of destroying the existg fuel & other trees ~~thereon~~ on the land; ~~in question,~~ but

3dly The reduction of the ~~fodder~~

to the payment of the
full assessment to be fixed
by the Survey Deptt. The
Dy Commr was re-
-quested to report the actual
extent and assessment of
the unassessed lands con-
-ferred to him in the two
Kavals under the last
order above cited.

12. Subsequent to the issue
of the above order, Rama-
-Swamaiya and other Ryots
of Talagattpur complained
of the grant to
Mr. Tytler of the unassessed
Lands of Uttaralliman
-vante Kaval, which was
once refused by Govt. &
requested that
as there were 1000 head of
cattle in their village,
there was a Spring in S.no 15
supplying water to
the cattle, S.no 15 and the
whole of S.nos. 17 & 18 might
be given to them. Their

Q. S.no 15 & portion of S.nos. 17 and 18.

Petitions were forwarded* to the Dy Commr for report with reference to the order of the 24th September 1896, and as to whether the lands in question were included in the lands to be given to the Commissariat Deptt in the Uttarhallimanavarte Kaval. In reply, the Dy Commr submitted a Statement showing that 1007 A 13 G of unassessed land in the Badamanavarte Kaval, and 641 A 39 G of unassessed land in the Uttarhallimanavarte Kaval have been conferred to Mr Ivy thereon, & that the former has been assessed at Rs. 207 and the latter at Rs. 126. As regards pasture for Talagattpura village, the Dy Commr reports that portions of S.nos. 17 & 13 and S.no. 7 have been reserved for the purpose & have not been included in the lands proposed to

* S.no. 31.

The American cannabis is distinguished

by its undulate-pedicellate white beauti-

ful dark-green foliage and ~

small yellow flowers. Cultivated at

Bangalore and in the Government

Gardens, but nowhere on a large

scale. There are some good trees

in the Compound of Stewart's ~

Office house at Kaman, as also

on Rev. Davis's Mysore property in

the same town. The dividing is

rather rare & generally at first,

but

but once started is very tenacious of life, and frequently lives to an old age. As a tanning material, the simuous pods are of great value. The few trees in local cultivation fruit abundantly every year, and there is reason to anticipate that the species would become remunerative in the forests. Full-sized pods contain 50 per cent of pure tannin and are worth £9-.50 rupees a ton. One or two fine trees may be seen in the Residency compound at Bangalore. Seed have been distributed far and wide for many years. In forming a

(38)

2. Mr. Lytler has selected some Survey Numbers in Uttarahalli Manavarthe and Bade Manavarthe kavals in the Bangalore Taluk and I have informed the Deputy Commissioner that I have no objection to the grant of such survey Numbers provided Mr. Lytler agrees to pay for the trees standing thereon. It is presumed that the Deputy Commissioner has made a reference to Government on the subject.

[illegible] orders

Urgent (29)

I want more information regarding the Khanabands. It is not clear whether these have been accepted because they are not fit for cultivation or because there are a good many trees in them. If they have not been accepted for the latter reason the applicability of the rules under appendix H is not very clear. In similar cases forest land should not also be dealt with as unaccepted waste. A statement showing these numbers with the number & description of trees in them should be put.

20/7/95

The Dy Conservator

What is the [illegible] Ryotter has [illegible] any [illegible] these lands [illegible] this rule [illegible]

20/7/

Draft [illegible] at once [illegible]

disposal of the Plymouth Company to establish an Settlement. It will require upon cultivation, & the Marsh-Land to be planted with Maize about 40 Acres of Land, about 23 Acres of Land fine in meadow Land, & upon the cultivation of Marsh it will yield a large crop, but it lies on low Land that need not be of any value Natives. This land not much Marsh, & land above by the 2560 acres that is 4 square miles. may be seen to in the Survey. — The kind of land that such it lies is a dark clay soil with lime in it if there are Cedars there in it, it does not require much Marsh but if not the Cedars in soil, stands with it there, & will soon rot with

and cannot be granted to Mr. Tytler. Deducting their area of 167 acres and 15 Suntas, the extent available will be 1965 acres and 11 Suntas and this Mr. Tytler wants to be given him under the Rules contained in Appendix H of the Land Revenue Rules.

6. Mr. Tytler has agreed to pay the value of the trees standing on the assessed and unassessed lands.

7. As the cultivation of Divi Divi is a new industry requiring a large outlay, I have, in view to encourage it, granted the assessed lands without sale under para 5 of Rule XX of the Land Revenue Rules, and the unassessed lands under the Rules in Appendix H. The grant is made, however, subject to the approval of Government—

as the area concerned is large.

8. Correspondence between this office and the Inspector General of Forests with a copy of Mr. Fyzler's application is enclosed for reference.

9. I beg to bring to notice that of Badamanawatte Nos 117 and 109 Kavals, were applied for by others, but I rejected their Darkhasts as their grant to others would in consequence Mr. Fyzler and impair the Compactness of the block on which the success of the industry depends. Besides when there is a person willing to take up a large area it is certainly not to the advantage of the Government to refuse such an offer in order to accommodate persons

Mr Yeo has written very
that he has received another
letter from Mr Upton upon a new block
of Mind in Man, in which he advises
me to address upon Mind on the
subject; & leave Man entirely
Liberty of doing so. — I may mention
that the case is a very valuable one
of a successful Introduced *
hand in Mind-health & continuance
of Reason & spirit to the Mystic
but as it cultivation has not been
tried before, attempt to a certain
extent Mind & an experimental
nature, though there seems nothing
of the great success from what
I know of the plant, already
from Mind- Mr Cannon tells me

Harrison. Trusting [illegible]

Deputy Commissioner's Office
Bangalore 28th March 1895.

From,

The Deputy Commissioner,
Bangalore District.

To,

The Chief Secretary to the
Government of Mysore,
Bangalore.

Sir

I have the honor to report that Mr. Tyler of Madras (Telegraph Department) has applied for the grant of certain assessed and unassessed waste lands in the Bangalore Taluk for the cultivation of Divi Divi.

2. A statement showing the area and assessment, if any, of the lands applied for is enclosed.

3. The area applied for having been above ten acres, I had the lands inspected by the District Forest officer and consulted the Inspector General of Forests

and Plantations in Mysore.

Mr. Ricketts, in his l.c. 30/9/239 of the 21st. Instant, has stated that he has no objection to the grant in question, provided Mr. Sutherland's claim to the trees existing on the lands applied for.

4. Out of the total extent of 2668 acres and 27 guntas applied for, 536 acres and 1 gunta are assessed at Rs. 198: 4 acres will have to be deducted from the grant as it contains a temple, a spring and a right-of-way. Mr. Sutter has agreed to pay full assessment on the remaining land.

5. As regards the unassessed lands, Nos. 12 and 13 of Vattanadu Kramavarte Kaval, belong to the British Commissariat Dept.

meaning very cordial areas.

Bangalore 26th July 1895

To.

The Revenue Secretary to the

Government of Mysore

Sir,

With reference to your

General No 929 / Rev 344 dated the 22nd July 1895 to the

address of the Deputy Commissioner Bangalore

I have the honor to state that the lands,

a list of which accompanied Deputy Commissioner's letter No 1170 of the 29th March

1895 were left unmeasured because the

Survey

(78)

and would, if assessed, bring a Revenue of Rs 322-4-0 per year.

5. I would suggest for the consideration of the Government, the advisability of fixing assessment on all the lands made over to Mr Sytler and confirming the grant to him on condition of his paying the assessment and allowing the free use of existing paths and access to water sources by the villagers and their cattle.

6 The entire record of the case is herein enclosed with a map prepared according to my directions after my inspection.

7. I have pointed out what may be fully assessed - as being cultivable and what should be assessed at rates adopted for adjoining land of like kind and what portion should be exempted for the absolute requirements of Salaghatpar people for watering their cattle and pathways &c.

8. There is no reason to accord any special treatment in this case. Forest cultivation needs no encouragement in this locality - Land is in great demand for cultivation and pasture and would be

ABSTRACT.

State that from the time of their great grandfathers Manavarthe Survey Nos 15, 17 & 18 of Vibuthahally were pasturages for their cattle where they have built small tanks and ponds for the use of their cattle, that they have used to keep those lands in question for the above purpose that they possess no other land as pasturages for their cattle that though they are paying an annual assessment of over Rs 1000, no pomal land is allowed to their village,

that in addition to this they have been cultivating darkhasts for the last 5 or 6 years to give them the above lands for Kandayam; that in spite of this the above lands have been granted to Sir Iyller for Kaiyarvaram in Vaya Tamil without the knowledge of the villagers; that from the time the lands were handed over to Sir Iyller they are deprived of pasturages for their cattle the consequence being the loss of 300 to 400 cattle; and that their representations to the Dy Commr did not mend the matter &c -

Pray that the lands referred to may be either given to them as Pasture lands or as Gomal lands to their village.

Ben 10/10.

D. No. 206 — Deputy Commissioner's Office
Encl. — Bangalore 25th/26th August 1896.

From,

(87)

The Deputy Commissioner,
Bangalore District.

To

The Secretary,
to the Government of Mysore
General and Revenue Department

Sir,

Adverting to Government order No. (15) 15-82 / R.F. 92-95 dated 12th Instant, passing orders regarding the grant of certain lands in the Bangalore Taluk to Mr. Tytler, I have the honor to forward herewith a representation from him received today and addressed to Government.

2. Instructions are requested as to whether the above decision of Government should be carried out, or further orders awaited.

I have the honor to be,
Sir,
your most obedient Servant,
[illegible]
Deputy Commissioner.

circumstances attending any
grant
(3) In August 1894 I entertained the idea of trying
a plantation of Divi Divi on a large & Commercial
scale in the Province of Mysore, which if successful
would be the means of introducing a new source
of industry to the people & a fresh source of revenue
to the State, from the fact that much land would
be taken up and brought under cultivation for
this purpose, bringing a revenue to the Govt.
(4) With this object, of obtaining a grant of land
I wrote to His Honor the Dewan in Augt 1894 from
Madras regarding the subject, explaining what
I wanted and asking for a special Concession
being granted to me, pointing out the industry
commercially at any rate was new to the State
This letter was forwarded to Mr Ricketts the
then Inspector General of Forests in the State, who
on my seeing Mr Ricketts he informed me that
sent for me to discuss the matter over with him
he would do all he could to help, but that he did
not know himself where I could get in one block,
so large an area, but that he would send me to
the Dy Commissioner of the Bangalore District, who
would probably be in a better position to help me
in the matter of finding & selecting a suitable block
of land, he also advised me to apply for the same
under the waste land rules (appendix H) which
was applicable in my case & he gave me a copy
of these rules, which I had not seen before nor knew
of their existence
(5) On my seeing the late Mr Sheppard all the then
Dy Commissioner of the Bangalore District, he told
me he would see what he could do ~~for me~~ in the
matter to help me and after making full enquiries
he would inform me on the subject, subsequently
he asked me to come and see him, when he told me
that a large area of unassessed waste land was
available in the Ootrahalli & Badamanacarti Kaval

D. No. 852.

Encs 1 Statement,
1 Map & a file.

Deputy Commissioner's Office
Bangalore District.
Dated 24th February 1896.
3rd March 1896.

(12)

To

The Secretary to the Government
of Mysore
Revenue and General Department.

Sir,

I have the honor to acknowledge the receipt of your docket No 929 dated 22nd July last, enclosing the petition of certain ryots to Mr Lyle for sub-division of their cultivation, and in reply, to submit a statement showing the number and description of trees on the lands in question. This office does not possess any information as to how these trees should be assessed by the Survey Department.

Please see Board's letter 1/3/96

2. Mr Lyle does not seem to have done much on the lands since they were granted to him. He has cleared some wasteland and says that he has planted 80 acres.

3. You have with your No 184 dated

dated 28th October, forwarded a petition
from the Reps of Ramchandra Jadhav praying
against the grant and similar statement
also having been made to me by the
petitioners and others, I inspected the lands
in question and heard the people of the
surrounding villages. It is true that
the Sahajkar people have no free
pasturage, that the source of water on
which the village cattle are dependent
have been included in the grant to
Mr Tyler and that no provision is made
in regard to the free use of paths and
roads in it. These inconveniences might
have been avoided if a proper local en-
quiry had been made before granting the
lands.

4. Under all the circumstances of the
case, and considering the demand that
exists for lands for cultivation in the
Ramgarhwa taluq, and the fact that nine
of the lands in question had been applied
for by others, I see no reason why a
free grant, and that to the extensive
area, was warranted. It would appear
that nearly all were cultivable

and

Rangaraw

unassessed lands now in
Mr. Tytler's possession in
the two Kavals referred to in
be confirmed to him as a special case, to
Subject to his non-inter- ra.
-ference with all existing e.
rights of way, tanks, water
courses, temples &c, which
are excluded from the
grant, and to his pay-
-ment of the full assessment to
be fixed by the Survey
Dept.

4. The Dy Commr is re-
-quested to recover the value of trees from
Mr. Tytler, if it has not been
already recovered, and for the information of Govt
to report the actual extent
of the unassessed lands con-
-firmed to him in the
two Kavals, subject to the reservation
above pointed out.

's concession, it must involve
become, while the loss
of the
e amount which
d have been realized
sale of the lands in public
on.

Government are unable

to approve of the grant
of the Large unassessed
area for the following
reasons: —

1st Hy. The grant was un-
authorized, as it does not
come under the Rules
in Appendix H for grants
for fuel plantation.

2nd Hy. The grant, if made,
would have the effect
of destroying the existing
fuel and other trees on
the lands.

3rd Hy. The reduction of
the District Forests to
the extent such a grant
of the unassessed area
would involve, would
prejudice the neighbouring
villagers to very serious
hardship in the matter
of their fodder and fuel
supply.

To

His Hon'ble Sir K. Sheshadri Iyer K.C.S.I
Dewan of Mysore in Council

Received in Secretariat
Mysore 25-8-96

Sir

With reference to the Mysore Government order No. 1582 / R.792-95 dated 12/8/96 cancelling the grant made me under the waste land rules (applicable to Chg Bgr) and calling for explanation & protest further perusal and disposal of the Government

(2) On receipt of the above order I went at once to His Hon'ble the Dewan and showed him protest from a grave injustice being done me, by a purely illegal act being done inadvertently by the Mysore Government & which I feel sure was only to be put finally before the Government for their decision & to ask merely into the rules & that he would see that justice was done me & that Government at once cancel the order referred to setting forth fully all about Bangalore giving my experience up to date & all particulars which he would give the matter his full consideration & pass such orders as would be both just and fair to me as well as the State and that in the meantime I was to be allowed to remain in possession until he had passed final orders which he promised to do & obtain a decision two days from the receipt of my reply. I further explained to His Hon'ble

This is a very fair dealing Applicant explained was complaint in very general terms & the Dewan asked him to put down in writing very properly promised immediately & suggested a written representation

increase of vegetation over the face of the country"

The object of Mr Hyder was to grow trees hereby a manufacturing industry. The Dy Com wanted the D/S of trees on the land - apparently a land overgrown with trees & hence the appearance of a forest. Hence a reference to the D/S of T in unmeaning and absurd. Admittedly therefore the land did not come within the scope or object of the rules of appendix H.

The Dy Com's report afterwards makes clear that he gave the land subject to the approval of Govt - the Dy Com's act must therefore be deemed as being in accordance with the proposed condition

and he addressed me to inspect them and select which I wanted should grant it suitable, which he would make the grant under the waste land rules (Appendix X) provided the Inspector of Forests had no claim on the land from a forest point of view and gave his consent to the grant being made. After due and careful enquiry by the District Forest Officer on behalf of the Department he made a very careful report stating that there was no timber on the land, but the very few trees on the land he assessed putting their full value on them, being Rs 391 and which amount I paid into the Govt Treasury. Eventually Mr Hyder having given his consent to the grant being made Mr Shepherd drew up a title deed in my favor for the unassessed land & ordered the Collector to make over the address land under the Waste Lands rules which was duly done. (6) The title deed says nothing about any pre-existing grant being made the subject of the approval of the Govt for as the approval of the Govt was necessary, since no limit is placed in the rules contained in appendix H limiting the powers of the Commissioner with regard to the area. The grantee of them in any one case, with the approval of the Govt, clearly shows that the Commissioner's powers are clearly exhausted in Section 12. The rules state the highest maximum rate which states that the Dy Commissioner may grant waste land with special concessions under the rules contained in appendices E, F, G, H & I for the following purposes, whereever the land is granted on special terms, whether as to the amount of assessment or as to conditions of tenure, a written instrument shall be executed by the Dy Commissioner clearly setting forth the terms of the grant & how it will be assessed, that full details of grant shall be recorded

is placed by the Govt in the hands of the D.Y. Commissioners & that the final sanction rests with the D.Y. Commissioners of the District & not with the Govt but is then only formal necessary. Mr Shujahat wrote me a D.O. letter informing me that he had reported the case of the Govt for their information since the grant was large. They attach a copy of the D.O. letter referred to, which letter I have already shown to His Honor the Dewan & in this letter it will be seen that he states he had passed final orders giving me the lands and that the two grants will made by him but that he will report the case to Govt inasmuch as the area is large and it will be observed that no mention is made whatsoever of the grant being subject to the approval of Govt & that he made it so.

(7) With reference to the proceedings of the Govt of Mysore in which they considered the grant made Due & with reference to the Order No. 1582 R.4.92-95. dt 7/12/8/96 I am to say to bring the following remarks with reference to each para. Para 1st of the order says that the grant was unconditional as it does not come under the rules in appendix 4 for grants for tea plantations but I have already shown in para 5 of this letter that the D.Y. Commissioners are duly authorised to make such grants without reference to the Govt & that my application does come under appendix 4 since the rules are for the grant of waste lands for planting of Tea & Coffee & the word "Tea" has been omitted in favour the word "Tea" has been omitted in favour of the word "Coffee" in para 1 of the order referred to and which if allowed to pass unnoticed would be misleading. Further in para 2 appendix 4 it says clearly that the holder of the grant is required to open up all the lands applied

Mr Ryder admits that the Govt would have power to resume the grant but objects to the Govt on grounds of expediency & also being contrary to the terms of the grant.

Further the acts of a Dept Govt are subject to the general control & supervision vested by Govt by Sec 217 of the I.S. Regulations and under it "If in any case, it shall appear to Govt (or to such other authority as may) that any decision or order should be modified annulled or reversed the Govt may pass such order thereon as it deems it."

Any party dealing with a new owner

Ryots from planting on Gillarahalli Kanavarke Kaval and granting the same to them for cultivation and grazing purposes &c -

(100)

is forwarded, ~~together with its enclosure~~, to the Dy. Comr. Bangalore District for disposal and Endorsement to the petitioners with reference to the orders passed in Govt. Ro. No. 3858-57 of 24-9-96. R.T. 92-95.

By order,

18/11/96

for Secretary.

Bangalore,
Nov. 1896

ich, any such fees as well as such Spke, Rents, Dues, Quarts &c, under which head Divi Divi would come

Para 2nd of the order says the Court of Inquiry should direct the effect of destroying the existing fuel & other trees in the lands, says as these trees are practically no trees & the use of such trees are in the land, Court find such fees in fact the Dues placed on them in the Fuel Report and such trees are worthy at the bottom of carriers that there would be no object in Reducing them. There is no object properly so called on the place, the land being covered with such scrub usually found on Barren pool waste lands. In addition this has been object to preserve this scrub as carefully as possible, cows & prevent walk from Carefully as possible cows & prevent walk from being cut & the land being covered by the scrub with this object. Only plant the Divi Divi in between the scrub & carry out portion of the scrub as is actually in the way of each individual Divi plant. This method by planting increases the cost very much from the difficulty in hoeing, pegging & hoeing will see from this, that I am not entirely eliminately clearing the land wastefully or injuriously

Para 3rd of the order says. The reduction of the district Fuel to the extent of such a small portion of the land cleared was would be more would from the neighbouring Villages every second month in the matter of their Fuel & Fuel supply. In this has been a district Fuel, but has been treated always as waste land & this is now my first case & fuel, but from the Commissioner being willing to part with it and the Inspector General of Forests allowing that the land in Divi Divi Department & giving his sanction consequently to the grant — Separately it could not interfere & cause any hardship whatever to the Villagers in the

If the increase of vegetation is the object of the Inquiry surely the most desirable way to a case of removing the existing vegetation & substituting in its another easily & cheaply grown would be obtained with an article of merchandise

Mr Ryder says what more that there is a large coffee Planter - surely Mr Ryder does not contend that planting the land with coffee comes also under his provision of Appx H.

Mr Ryder has yet to learn what a Fuel Reserve, Fruit Reserve, Grass Reserve, Cover Reserve, Timber Reserve &c &c

neighbourhood cut grazing or fuel cattle is bared already in the any grazing or fuel cutting rec which they cattle would have had to had they grazed or cut fuel in the place legitimately and if there they grazed or cut fuel in the place they did so illegitimately and were guilty of theft – The reason are the villagers from my taking up the land is such indeed cut I am enabled daily a large number for monthly wages & so put many into their pockets which they would not earn regards the hardship in the matter of their fuel & fodder supply they have immediately near as each village has its own lands adjacent for them & adjoining the Jalgaon village are two blocks of Govt unassessed waste land with one area of one square & in addition across the road running through Jalgaon are some 300 or more acres of Govt waste land with scrub & grazing such as does and hardly any the land given Govt & which is available for their village grazing purposes should the Govt think it necessary to extend the grazing & fuel supply – Mr Cornish who succeeded Mr Shepherd did on the occasions when in person & if the villagers had any real grievance and after going over the land & the Govt unassessed waste lands still decided likewise as in the presence of Mr Kapisa, that the villagers had absolutely no grievance whatever with regard either to grazing, fuel or water supply, and that there was this large area of Govt waste in the neighbourhood still available and he also told me that the lands were equally near & handy which others are in their possession, but that

No. 6 appears to be Mr Apte's own Memo. He has not this in the pleading Lawyer leave not established him in the Court.

N.B.

An extract represent by Mr Burn may be informed for any remarks he may make – He has certainly recommended the confirmation of the grant but under what Act & what under Bombay Rules.

RT 92 of 95 Containing
der issued, was sent to
- Branch on 14. 8. 96.

Order was issued to the petr
96. may this be filed
1896 file RR 21/8

ABSTRACT.

Reminder to their petition of 2-7-96

State that they were told that orders would be passed on their petition on going through the records received from the District - that they have not been favored with an order till now - that they have no free pasture land in their village - that they have to take much difficulty on their cattle - that in the above petition they have alluded to their petition which they submitted in the matter in 1895 - Pray that early orders may be issued to preserve them with a Karan

RR
21/8

he had come ask with the intention of advising me to give up a portion of my remained, if he had found that the Villagers had any real grievance which he stated that they had none, he also told me he intended to make a report to the Government & that effect & that he would show me the report before sending it up to me very last he told me he had made no report. I was freed from such orders under reference & from which fact the Dewan told me that he did his duty & report and me that was much a decision done

(8) I have now to review in detail the claims given in the form under reference for the cancelling of the grant given me and shown that legally it is impossible to cancel the grant. Ask in the other hand I have no wish to take any undue advantage of the Government. I would the Government duly that I am entirely in representative duly entitled & empowered to ask in their kindly would do even in preference and with this view of the case I discussed the matter verbally with Sir Umar the Dewan who told me that he wished to do any justice to me that at the same time he wished to keep such and fair with the State. I then told him that under these circumstances I would be willing to meet him half way by paying a fair assessment on the lands in question similar in value to which lands of a similar nature are assessed in the neighbourhood and that I should be allowed to keep the lands under the Darkhast Rules. This arrangement I am now desirous of the lands in which I have

I have referred above to Mr Fyfe's having been misinformed.

For the reasons mentioned in my application under reference to the Government of Mr Fyfe.

The Representative Interview was also applied to by General Secretary of the Government for it. He referred this application to Mr Fyfe who did not avail for formal sanction

been in possession of more than eighteen months, but at the same time would be fair to the Government since they would derive a revenue from it at once instead of waiting for the next twelve years

(4) If the lands are now taken forcibly from me, it will be a grave injustice & in fact at the same time it will mean ruin to me since I have spent a large amount already in the place on the good faith of the Government the title deed of which I before two leading lawyers in Bangalore, who pronounced them quite sound & good in Hindu law & in the probability good faith of the Government the legal opinion in the title deed. I proceeded not only to expend my own money but borrowed money in the same, so that in the way and matter I have spent some Rs 12000 in improving the place & laying out which has gone into the pockets of the farmers of the surrounding villages - In addition I have lost the property in series of the value of Rs 4000 so that in all the place represents a money value to me of about Rs 22 000 which I have expended in 2½ the course of the last years time of the lands are seized from me up

(5) I would further point out that I have been in possession of the land eighteen months and for the Government in any second consideration with him on the subject, informed me that during all this period from the date of Mr Stuart's report that the matter has been under the consideration of the Government and yet I was not informed either by the Govt or by Mr Stuart Mr Muir

He may be entitled to his lawyers charges help him under the circumstances.

This opinion is clearly money as above stated not

Mrs Ross
unmarried.
Mr Tyler
applied to have
waited on
& asked p-
the final
order of Court
having
[illegible]
perfectly
understood in
[illegible]
that Mr
Tyler knew
his [illegible]

that the terms of the Lease were uncertain
& that I got any judicial intimation from
any one that the matter was in any shape
to form under the consideration of the Court &
the leading lawyers of Canada having
expressed their opinion that my title to the
lands in dispute was good I have been
led into a heavy expenditure of both money
and time to improve my property and which
property previous such improvements & expense
have of course so putting me to very heavy loss
and practically ruin me by their action
though no fault of my own. I would therefore
ask that my right to the land be transferred
from the rents for waste land to the rents under
which lands by which though my
annual expenditure would be considerably
increased to the benefit of the Government
the Government will then [illegible]
to each party by them even to the extending
my expenditure & therefore I am not
trying to take any undue advantage of
them by any technical points of the Law
or otherwise but am only seeking justice
being done me as to the lands of the Improve
Government and which I feel quite sure
will be done me by them when they come
to consider all the points of the case fully

Seeing the
Govt grants
to Mr Tyler
the lands
under the
understanding
he got that
to reclaim
the fact that
it was not a
final grant
as if the land
is not [illegible]
the Govt will
realise a
large amount
in [illegible]

I have the honor to be
Sir
Your most obedient Servant
H Tyler

Recd:-

Letter No 206 dated 25th August 1896 from the Dy. Comm^r, Bangalore District, submitting a petition addressed to Govt. by Mr. Hyder of Madras applying for a review of the orders ~~passed~~ ~~issued~~ ~~issued~~ in Govt. Proc. No. 1582 / R.T.92-95 26-8-96 cancelling the grant made to him by the late Mr. Allen Sheriyat Ali Khan for diversification under appn. to the L.A. Rules, of about (1755 acres) 1961 acres of unassessed waste land in the Badaminavanté & Uttaralli manavanté Kavals of the Bangalore Taluk, on the ground that it was unauthorized as the rules were not applicable to the case.

Order thereon:-

Mr. Hyder alleges

Govt. Order No. 1582 / R.T.92-95 dated 26-8-96

Letter No. 206 dated 25-8-96

No. 3355-57 / R.T.92-95 dated 24-9-96

26

that his application ~~does~~
comes under the rules
referred to above ~~as they~~ which are intended
~~are~~ for the grant of waste
lands for planting forest
trees, also that Mr. Shujayat
Ali Khan did not make
the grant subject to the
approval of Govt nor
did it require such ap-
proval under the rules,
that the lands have never
been a "distant Forest".
and that Mr. ~~Rosenacopt~~ Furneaux,
who succeeded Mr. Shuja-
yet Ali Khan, personally
inspected the place and said
that the villagers of Tala-
-gatpur had absolutely
no grievance whatever
with regard to grazing,
fuel &c, since there was
a large area of waste
available in the neighbour-
hood; & ~~that~~ requests that

In the case
under the circumstances
the grant of the lands should
be have been in possession for
18 months during which he
has spent a large sum
of money, may be con-
firmed to him subject under the Settlement Lands
to the payment of such
assessment as may
be fixed thereon.

2. I must observe that the
rules cited are quite inapplicable
to Mr Sykes's case. The favor-
-able terms therein laid
down are intended to
encourage the planting
of trees and the consequent
increase of vegetation
over the face of the country,
whereas Mr Sykes's object
is to remove the existing vegetation
to grow trees to supply
a manufactory indirectly

* Extract enclosed for Mr Sykes's information

* to Govt
The Rt Commissioner's letter
No 117 dated 25 March 1875,
shews clearly that he
gave the lands subject to
the

the approval of Govt.
The Dy Commrs act must
therefore be deemed as having
been in accordance with
his expressed intention.
Mr. Ingles admits that the
Dy Commr told him that
he would report the grant
to Govt. The report could
not have been of any use
but for giving the Govt
an opportunity of exer-
cising its discretion
on the proceedings of the
Dy Commrs, &c, under
Section 217 of the L.R. Code.
~~the acts of a Dy Commr
are subject to the general
control and supervision
of Govt.~~ Any party dealing
with a Rev: officer in
any matter should be
deemed to be aware of
these provisions, and be ready

and willing to submit to
any orders which may
be passed thereunder. In
the present case, therefore
~~not interfere with the~~
~~Dy Commr action, if he~~
~~has acted. He Dy Commr~~
~~applied for it. appeared~~
~~and under the circumstances~~
Mr Tytler should have
waited for the final orders
of Govt. I/C/ Shouldbe pointed
out to Mr Tytler that
"District Forests" as defined
in the Forest Rules include
all unassessed waste lands.
& that Mr Purnaiya recommended
the confirmation of the
grant, not under the Rules in Appendix A
but under the Rules.

~~In the Dy Commissioners action~~
~~will be reported for the~~
~~approval of Government.~~

$4. In consideration of
all the circumstances of
the case, however, Govt are pleased

~~to grant the Ryotwise request as a special case~~
~~although Govt will~~
~~lose a large amount~~
~~which may be realized~~
~~by the sale of the lands~~
~~in public auction,~~
~~accordingly~~ to direct that
as proposed by the Assistant
68 acres - 33 guntas of land
out of Survey Nos 17 & 18
and Survey No. 7 measuring
116 acres - 34 guntas (not
included in the unassessed
lands now in the possession
of the Ryotwise) of Uttanahalli
-manavanke Kaval be
assigned for grazing
purposes in favour of
the Lalagatti five villages
who have ~~carried forward a~~
~~concession~~, & the re-
-maining extent of the

complained of the inconvenience & hardship caused to them & have prayed for such a concession

Presented per Peons on 28/9.

Abstract

Petrs submit that since the Govt issued the Govt no: No. 1311-1166 cancelling the grant of Shivanya (5 acs) to the Tahsildar in order to supply the want in Manavarthe Kaval Hitherto of Grazing ground, the said Govt letter began to cut down plantain coffee plants on Kharab lands. The Petrs at once petitioned to the Tahsildar on 29-8-96 and to the D.C. on 3-9-96 and presented a Petn to Govt but get no order in reply to the last that Petrs shd apply to D.C. which they are afraid very much of doing, as will be explained by means of a separate petition.

Where is last letter from D.C. Bangalore noted above

Please lay the letter from D.C. Bangalore noted above

Submitted for orders.

Please see serial no 20 in the file below containing the latest orders passed in the matter.

12/11/96

Send to Dy Comr for disposal in accordance with the orders passed in the file below

13/11/96

They pray that the Govt
may order the immediate stay of
the planting of Coffee plants
on Kiarias lands.

Further they that the
numbers 15, 17, 475, of Mana-
Mwke Kanai, Mtwalulij,
may be granted to the
ryots free for the use of
upwards of 100 cattle
belonging to them and
the remaining portion of
the lands on assessment
to the ryots themselves.

Pets have been presenting
darkhasts for the lands
ever since 1888 which might
be found among the records
of Mr Purnaiya. and their request
Hence pe beg that they may
be granted the lands above
mentioned free and the others
on assessment.

ABSTRACT.

State that with reference to their Petn to H.H. of 16-7-95 praying for the removal of the Maharaja's Kaval of Uttarahalli (Serial No 15, 17, 18), they were granted an Enam No 178, of 2-10-95, transferring to them for ever the said Kaval; that on a subsequent occasion the Patrs Ramaiya went and examined their cattle and the state of the forest and being convinced of the truth of the Petrs' complaint recommended that he would recommend the cancellation of the grant of the said Kaval to the Patrs for Swayam Bhukty (Serial No 5) and give a portion of the same for the use of the Patrs' cattle while the remainder was to be given away to the villagers as they were the original Kavalgars of the

Submitted for orders.
Several petitions entertained were sent to the Commissioner for disposal or report if necessary, after the issue of final orders in the case as contained in Serial No 20.

5/8/97 The Petrs Complain against the Decision of Govt in Serial No 20. They pray for local inspection by the Councillors.

Mr Sykes

Report called for in the last para of Serial No 20 has not been received - The actual extent of land on the unassessed lands formerly held by Patlis has yet

Tau 17-8-97 Sect 1 No 311-1886

From this office were granted declaring that the Scrip-Location-Grant of this Letter was cancelled to make room for the formal, but that he was to hold the deceased portion; that they of late have heard that, in contradiction to the above, all the said lands have been again ordered to be given away to Mr Fitter notice of it being granted to formal for the deceased and that this is partiality.

Pray that an equitable order may be passed before the Jamaica date ("15th of Sept") and that, in passing the order, attention may be paid to the peculiar circumstances of land No 18 for formal, and to their claim for the other lands as deceased, and also to the ways in which Govt may be profited in the fixing of the assessment.

A. 23/7/97

ABSTRACT.

The petition is addressed to H.H. the Maharani Regent

The petitioners state that on 6-4-97 they submitted a petition regarding Uttahalli Inam Land Survey Nos. 16-17 and 18; their cattle are dying for want of grass and water; & that they have not received any support in reply to their petition.

They pray that, in accordance with the Survey Register, land sufficient for 100 heads of cattle may be ordered to be allotted free of rent to them.

Hyderabad.

Sir,

I have the honour to submit herewith my application for the grant of a licence to deal in Kerosene oil in retail in the village of Kothapalli in the Taluk of Karimnagar in the District of Karimnagar.

I am a resident of the village of Kothapalli and I have been carrying on the business of a petty shop keeper in the village for the last 10 years. I have got a shop in the village and I have been selling provisions in the shop. I have got a godown in the village where I store the provisions. I have got a house in the village where I live with my family. I have got a cultivable land in the village which I cultivate with the help of my family members. I have got a bullock cart which I use for transporting the provisions from the market to the village. I have got a bullock which I use for the cart. I have got a plough which I use for cultivating the land. I have got a seed drill which I use for sowing the seeds. I have got a harrow which I use for harrowing the land. I have got a sickle which I use for harvesting the crops. I have got a winnowing fan which I use for winnowing the grains. I have got a measure which I use for measuring the grains. I have got a weighing machine which I use for weighing the grains. I have got a bullock which I use for the cart. I have got a plough which I use for cultivating the land. I have got a seed drill which I use for sowing the seeds. I have got a harrow which I use for harrowing the land. I have got a sickle which I use for harvesting the crops. I have got a winnowing fan which I use for winnowing the grains. I have got a measure which I use for measuring the grains. I have got a weighing machine which I use for weighing the grains.

I have got a shop in the village and I have been selling provisions in the shop. I have got a godown in the village where I store the provisions. I have got a house in the village where I live with my family. I have got a cultivable land in the village which I cultivate with the help of my family members. I have got a bullock cart which I use for transporting the provisions from the market to the village
